

Seventh Grade Newsletter

April 15, 2024

Upcoming Events

- **M-STEP testing is Monday morning! Students need wired earbuds or headphones, and they need to charge their Chromebooks.**
- The chaperone meeting for the Pure Michigan trip is on Monday, May 6 at 5:30 pm in the Commons.
- Trip information and forms will be sent home with students Tuesday, May 7.
- M-STEP testing is April 15, 22, and 24 in the mornings.
- NWEA testing is April 17 and May 2.
- The Seventh Grade Human Growth and Development class will be on Friday, April 26. Forms to decline the class were sent home Friday, April 12. Please return this form ONLY if you do not want your child to participate.
- We need kleenex 🤧 It's allergy season!

S.E.L. Lessons

In this week's final lesson, your child will apply the skills and knowledge they've learned in this unit to create a tip sheet for resolving conflicts.

Curriculum Notes

ELA: We are reading *Out of the Dust*, a novel about the Great Depression and the Dust Bowl. Students will be writing poetry, creating a collection of different forms of poetry. For our year-end celebration, students will read one or more of their poems aloud.

Social Studies: Students will be exploring the geography of great buildings, climate, and diseases in history. They will also be putting them in order on a geohistogram to see the relationships among the three.

Science: Students are learning about diffusion, osmosis, and active transport. They will then add these processes to their Cells R Us model. When the cell models are complete, the classes will use them to deepen their understanding of cell processes.
