

Seventh Grade Newsletter

August 29th, 2022

Upcoming Events

Seventh grade students have an opportunity to attend our Pure Michigan/Mackinac Island Trip at the end of May. The cost of the trip is **\$425** for students and **\$500** for parent chaperones. You will receive detailed information regarding the trip next Tuesday at Meet the Teacher Night in the gymnasium. With that being said, students have an opportunity to participate in three different fundraisers. The **first** fundraiser is Lapeer Discount Cards. *Attached* is a document containing specific information about the fundraiser and a form you must fill out to receive discount cards to sell. This form was also passed out to your student today in class. All fundraisers are optional.

Picture day is this Thursday, September 1. Please make sure your child brings the picture form on Thursday already filled out if they plan to purchase photos. If a child or parent has misplaced their order envelope, it is ok. Everyone will still have their picture taken and guardians can still order pictures via Geskus.

Meet the Teacher Night is scheduled for next Tuesday evening. Seventh grade will host a brief meeting in the gymnasium @ 6:30. Following the meeting you can tour the middle school classrooms and meet your student's teachers.

NO SCHOOL ON FRIDAY, SEPTEMBER 2nd OR MONDAY, SEPTEMBER 5th

Curriculum Notes

Please check Skyward for missing assignments and to see how your student is doing. While we are helping them to be more independent, they sometimes still need to be held accountable for completing their assignments. Skyward has many options for getting automated reports. Please contact us if you need any help setting it up.

ELA: We have begun reading memoirs in small book groups. Students had an opportunity to choose these books, and should keep up with the required reading for their group daily. They also have a journal they are writing in that relates to the memoir. They may need help from you to recall specific details; please ask them what they are writing about.

Social Studies: Students have been learning about maps and being cartographers! Their first assignment was to create a large map of Chatfield School. Students will continue to learn about cartography and early cartographers in history.

Science: We have been reviewing how to use lab equipment and safety rules. We will start Investigation 1, Substances. Students identify two substances in a mystery mixture by conducting investigations.

Dear Parents,

The Middle School will be starting our fundraising off with Lapeer Discount Cards. Cards are \$10.00 each with a profit of \$6.00 per sale. Parents need to sign the release stating they understand how many they are responsible for all cards taken. We will begin the sale immediately and end on September 16. Please return money and all unsold cards any time by September 16. Parents will be held responsible for any cards not returned without payment. If you sell all 10 cards and would like more, you can turn in your money and sign more out at any time. This is a great way to get a jump start on funds for this year's field studies in 2023.

Thank you for your continued support-

Middle School Team

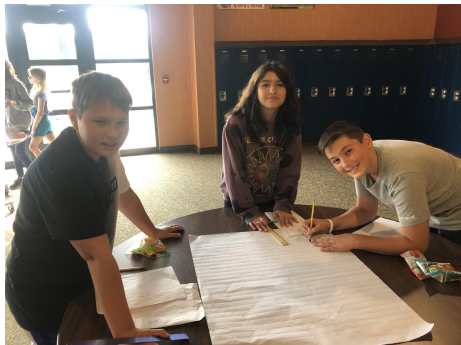

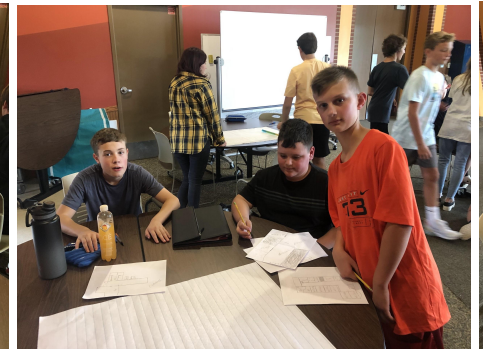

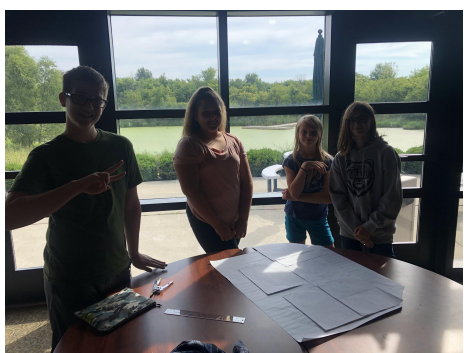

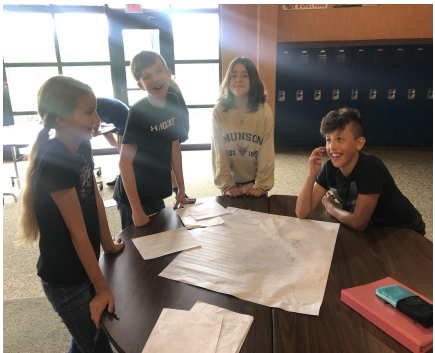

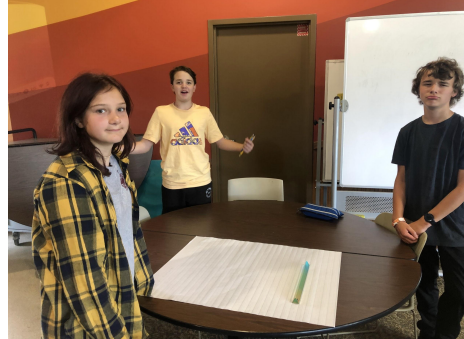

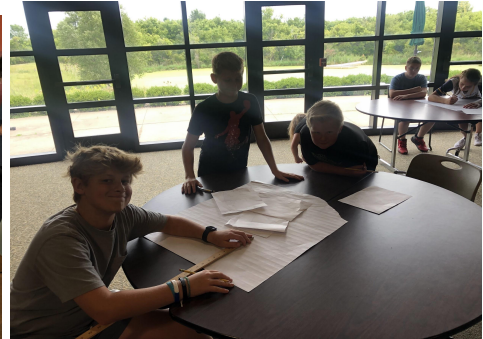

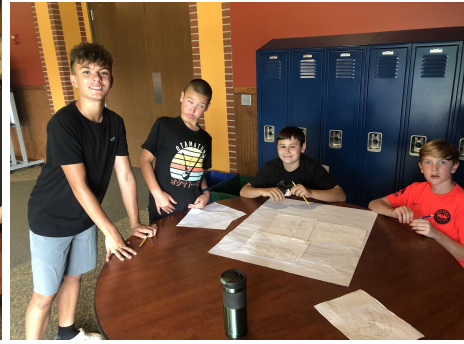

I would like _____ discount cards. I am aware that I am responsible for all money and/or cards not returned. (\$10.00 each)

Signed _____ Date _____
