

# Math Expectations (Algebra 1 & Geometry)

Mrs. Boyle

- \* Class Procedure
  - Each class begins with a warm up from the text book or a trivia question on the overhead.
  - Warm up is followed by exploring and learning the new concept for the day along with practice of the new concept.
    - Students are expected to take notes and keep a math notebook.
  - Homework is assigned daily and there is occasionally time in class to get started.
    - Remember this is a high school level class and homework will be assigned accordingly.
- \* Calculators:
  -  Graphing calculators are provided in the classroom for student use.
    - They are bright yellow to encourage honesty and prompt return to the classroom.
    - May be checked out one day at a time if needed.
  - Scientific calculators are used in class on a daily basis and may be used on tests.
- \* Checking Homework
  - Homework will be checked and recorded daily. It is very important that homework is turned in on time in order to prevent falling behind.
    - Late work will be marked down 10% for the first week and 50% thereafter.
- \* Tests & Quizzes
  - Tests are given every 10 lessons.
    - Study guides will be given before each test.
  - Quizzes may be given occasionally in class.
  - Vocabulary lists are given every 10 lessons as well. Vocabulary quizzes are given throughout the year.
- \* Online support
  - For suggested websites that provide additional help and practice, go to [www.chatfieldschool.org](http://www.chatfieldschool.org)
