## Detroit Field Study Wednesday

### Field Study

Students will be going to Detroit Wednesday, October 26th to observe the Detroit River-walk in relation to our water study. They will then continue to Cass Community Services to take a tour of the facility and learn what services are offered to local residents including creating jobs by the building of mud mats. These mats are available to be purchased online or at Cass Community Services Wednesday. Website: <http://casscommunity.org/stor>  
e

### Thank you

7th grade staff would like to thank Mrs. Beatley, Mrs. Byerly and Mrs. Burkhart for their help with our Potlatch

last Thursday. The students were able to use the spoons they carved to eat soup and enjoy salmon spread with crackers. Thank you to all parents that donated food as well.

### Fundraiser

Courtney's Gourmet Salsa is offering a healthy salsa fundraiser. They offer 16 varieties of bold delicious flavors. It is gluten free, low in sodium and they only use natural honey as a sweetener. Their product is made exclusively in Michigan and designed to be both affordable and delicious. This fundraiser will be available from October 25th-Nov. 4. Money will be due with orders on November 4th. The cost is \$6 per jar and students receive a 50% profit of \$3 towards their account.

### M/S Halloween Dance

There will be a Middle School Halloween Dance this Friday, October 28th from 7-9pm. Wear your costumes!

### 5k

Participants, volunteers, and supplies are needed for the 5k on Saturday, October 29th. We need cases of water, gra-nola bars, pumpkins, and \$5 gift cards. Thank you to those who have already signed up to run or walk, volunteer, and for the supplies! They are greatly appreciated.

### Trunk or Treat

A bag of candy with 50 individually wrapped pieces of candy are needed for the truck or treat. Also, spaces are available for trunk or treat.

## This week's itinerary

### ELA

Students will take a test covering the Ghost Canoe and Ghost Canoe Vocabulary. They will also be placed into small groups to begin reading mystery novels.

### Social Studies

Students will continue learning about Egypt and North Africa. There will be a packet of questions over this chapter for section 3 due on Friday.

### Science

Students will be learning about density of objects and will have several labs. They will need to describe whether a shake-up-toy will work given many object material's densities and use the equation for solving densities.
