

Eighth Grade Newsletter

River Walk

The students had a great time on Friday as they gained a *river's perspective* on our class river walk!

Washington DC

Please be sure to get your child signed up for the DC trip. If you missed the meeting, please have your child ask for a information packet. Sign up DEADLINE and first payments are due this month!

Discount Cards

Our first individual fundraiser is underway. Students may bring in a signed slip from home checking out up to five cards at a time. Cards are sold for \$10.00 and students will receive a credit of \$6.00 for each card sold. Discount cards are available for both Lapeer and Imlay City and have a variety of discounts that can be used throughout the year at local restaurants and stores.

Fall Photo Fundraiser

Please see the fall photo information going home with your child. This is another opportunity for your child to earn money towards their Washington trip! Please take part in opportunities as they come available, many are in the fall and if you miss out there is little chance in the spring!

5K Run/Walk

If you have not signed up to participate in the 5K as a walker or runner, please do so! Encourage your child and friends and family to take part in this event on October 29th. We are also in need of donations for this event. Volunteers, water bottles, granola bars, gift cards for prizes etc. Please call Mrs. Block if you are available to help in any way.

Classroom Supplies

- Clorox wipes
- Kleenex

Academically Speaking

In English, we have started our whole class novel *Breadwinner*. Students will be selecting their choice novel for small groups this week. You may talk with your child about the choices and which book they have selected or been assigned.

In Social Studies, students will be finishing their Michigan hero essays. We will also be continuing our study on the French and Indian War. On Monday, in observance of Constitution Day, we spent time looking at the Constitution and finding facts for a group assignment.

In Science, students will be beginning their Chemistry unit. Students will be investing chemical and physical properties.
