
Job Title: K-8 Technology Teacher
Location: Chatfield School, Lapeer, Michigan
Employment Type: Full-Time
Salary: Competitive, based on experience

Job Description:

Chatfield School is seeking a passionate and dedicated **K-8 Technology Teacher** to join our team. The ideal candidate will inspire students with the power of technology. This role involves developing and delivering a dynamic technology curriculum that equips students with essential digital literacy skills, fosters computational thinking, and encourages creative problem-solving..

Responsibilities:

- Developing and implementing a comprehensive K-8 technology curriculum aligned with educational standards.
- Teaching engaging lessons on topics such as digital citizenship, coding (e.g., Scratch, Python), multimedia creation, and online safety.
- Integrating technology across various subject areas in collaboration with classroom teachers.
- Maintaining and troubleshooting school technology equipment and software.
- Providing professional development and support to staff on effective technology integration.
- Managing and optimizing school-wide technology resources
- Fostering a positive and inclusive learning environment where students feel confident exploring technology.

Qualifications:

- Bachelor's degree in Education, Educational Technology, Computer Science, or a related field.
- Michigan Teaching certification.
- Proven experience teaching technology to K-8 students.
- Proficiency with a wide range of educational technologies, software, and platforms relevant to elementary and middle school (e.g., Chromebooks, iPads, Google Classroom, coding platforms).
- Excellent communication, interpersonal, and organizational skills.

Benefits:

- Competitive salary and benefits package.
- Professional development opportunities.
- Supportive and collaborative work environment.

If you are passionate about education and eager to make a difference in the lives of students, we encourage you to apply!
