

IMPORTANT TO KNOW:

THE BIG 3:

1. A student must be at least 7 years old to participate in the student patch group lesson.
2. The student must be able to follow instructions and stay with the instructor.
3. We reserve the right to require a minimum of 4 students per lesson. Please remind your parents and students that all levels of lessons, are not always available.
Our lesson schedule is based on group demand.

PATCHES:

- Experienced students may begin at the level that matches their ability. They do not need to start with the beginner lesson.
- At the end of the lesson the instructor does not bring the student back to a designated area but leaves the student where the lesson ends.
- It usually takes several attempts to pass each level of patch lessons.
- Previously purchased patches are good for current and future seasons.
- Patches are available through the ski school for \$3.00 each.
- Patches must be affixed to jackets or pants with one of these methods:
 - Sewn on
 - Key chain
 - Zip Tie
 - ALL patches earned must be displayed, NOT just the highest patch earned.

WHERE TO SKI & SNOWBOARD

- At the bottom of each lift there are signs that designate which patch is necessary to board that lift. *It is the responsibility of the student to make sure they are on the appropriate hill and riding the correct lift. Students are responsible for having the appropriate patches before attempting to ride the lifts. If not, students may be turned away from lifts and will need to walk back to the appropriate terrain.*

LEARNING SKIING & SNOWBOARDING

Every student is different so there is a wide range in terms of how long it takes students to move through the patch program. Most students will require several attempts at each level. Conditions also play a role.

If the snow is fresh and light one time, it will be much easier than if the snow is icy or thick and heavy the next time. If a new skier misses a week or two, they will often need a lot of review to catch up, especially at the lower levels.

STUDENT CLUB LESSON PROGRAM

The student program consists of

- Eight levels of lessons for skiers
- Five levels of lessons for snowboarders

Lessons are about 50 minutes long and start at

- **5:00 and 6:00 p.m. at Mt. Holly** – Monday Friday
- Please note: Early in the season we may not offer lessons if there is little or no demand. If you sign up online and there are four or less people signed up, the lesson may not go out.

Classes may be cancelled or combined without advance notice.

By enrolling your student in the patch program, you are agreeing to the rules of the program. Parents can not take their child on a lift that they have not earned a patch for – even just to practice! Your child will be instructed to walk back from the lift!

An opportunity for parents/guardians and students to ski as a family at reduced rates is available. The \$25.00 Group ID Card provides adults with a discount off the normal lift ticket price ten times throughout the season.
