

# Seventh Grade Newsletter

April 5, 2021

## Upcoming Events

- Fourth quarter begins today.
- Report cards will be sent home Friday, April 9. Please sign and return the envelope.
- Parent-teacher conferences can be scheduled with your child's homeroom teacher at the following links. Please email us individually if you would prefer to conference via telephone.  
Mr. Kurtz:: [Kurtz Homeroom Conference Link](#)  
Mrs. Logan: [Logan Homeroom Conference Link](#)

## Curriculum Notes

**Students working from home need to read their email, check Google Classroom, and stay up-to-date on their assignments.**

**ELA:** Students will work on poetry this week, and begin Problem-Solution essays next week. They will finish the Superhero project they began before the break. Students will also be starting a classroom reading assignment titled Out of the Dust. This novel-in-verse will explore the life of a fourteen year old growing up in the dust-bowl of Oklahoma.

**Social Studies:** Students will be exploring the geography, history, culture, government and economics of Russia. There will be four sections of study that each have a quiz. If students get 100% on ALL quizzes they will be exempt from the test!

**Science:** We will wrap up energy transfer, then begin a unit on the phases of matter and the connection to energy transfer between particles. Support materials and videos will be available on Google Classroom for students who are quarantined.
